CONVENIENCE OPTIONS

Enjoy your new Genie[®] garage door opener to the fullest with these optional accessories.

Wireless Keypad

Lighted keypad features a flip up cover and lets you control up to three garage door openers. Flip up cover is available in four colors, ensuring you can find the one that best complements your home.

Three Button Remote

This remote features a sleek and compact design and has a low battery light indicator. It comes with a visor clip and can be used with a key ring.

For Use With Sectional Doors Up To 8 ft and Up to 500 Pounds in Weight.

STANDARD EQUIPMENT

DC Motor Technology

DC motor operates with variable speed allowing soft start and stop, smooth operation and energy-efficiency.

Belt or Chain Drive

Choose between two drive options for more flexibility to meet your needs.

Intellicode[®] 1 Access Security System

Each time the remote is activated, it selects a new access code from 4.3 billion possible combinations. The system works with up to seven remotes for one door and features advanced technology that prevents piracy of the radio signal that opens your door.

Frequency Range

Reliable frequency range to ensure consistent operation.

Self-diagnostic Safe-T-Beam[®] System

When objects pass through the infrared beam, the door automatically stops closing, and then reverses. The system's self-diagnostic functions alert homeowners of improper operations and pinpoints specific problems.

Light System

Illuminate your garage with our two-bulb light system.

HomeLink[®] Compatible

Link to car's built-in remote system.

Car2U[®]

Home Automation System.

DEALER SERVICES

Installation and Regular Maintenance

Ensure that your garage door system operates at peak performance by asking your Genie[®] Professional dealer about installation, routine system maintenance and other professional services offered.
